

# Pippa Hattan Equestrian

B.H.S.I. Registered  
International Equestrian  
Passport Level 3

## Code of Conduct for Lessons with Pippa Hattan

- All Riders must wear, at all times when riding or ground schooling with Pippa Hattan, a helmet that conforms to the current British Horse Society and BSI safety levels. This includes working in prior to the lesson and lungeing.
- All riders are strongly recommended to wear back protectors when riding at all times which conform to the current recommendations of the BHS and the BSI safety standards.
- It is strongly advised for all riders to wear body protectors which conform to the current recommendations of the BHS and the BSI safety standards when taking a jumping lesson. For any cross country sessions outside of the arena, a body protector, worn and fitted correctly is compulsory.
- All riders must be suitably dressed for riding with correct riding boots, chaps or long boots, no jewellery apart from a small wrist watch and gloves are recommended for riding and certainly for lungeing.
- It is recommended that all riders attending lessons on their own horse have adequate insurance for themselves, such as personal accident and injury as riders, and for their horses to include third party, public liability, injury and sickness.
- At least 24 hours notice must be given to Pippa Hattan by telephone or email when cancelling bookings, unless in the case of lameness or an emergency; otherwise the total charge will be requested.
- Clients should pay for their lessons on the day unless a prior arrangement has been catered for.
- If riders are not happy with their lesson (which must be stated at the time or immediately at the end of the lesson), or the lesson was not able to continue due to unforeseen circumstances such as bad weather or lameness, then a full refund will be given.
- For riders who livery their horses at a commercial yard it is up to the individual rider to book the appropriate areas, gain permission from the proprietor and pay for any charges for the use of the arena, jumps, equipment etc.
